Medical and Chirurgical Faculty of Maryland

Horace H. Hayden must be regarded as the pioneer in promoting the thought of institutional dental teaching. Early in his career he realized the need for better educational opportunities for dentists. He had spent a number of years as a school teacher and doubtless, through the broadening influence of this experience, had become sensitive to the deficiencies in private office teaching and conscious of the need for organized instruction. He went a step further than most preceptors by urging his students to devote diligent attention to the biological factors of dental practice, regarding knowledge of these as an indispensable part of the dentist's training. With this experience in preceptorial teaching he advanced to the position of lecturer on dental pathology and physiology in a medical school. Parmly Brown has shown that Hayden lectured in 1819 on odontology in the University of Maryland. (21) The writer has shown that Hayden began in 1823 a sustained course of lectures in the Medical School, University of Maryland, which terminated with the school year 1824-25. (22) This experience in institutional teaching had an important bearing on the future of dental education in America. Among other things it tested out the theory advanced by some writers of the desirability of including dental courses in medical schools, the merits of which were freely discussed before and after the founding of the independent college.

Excerpt from "The Foundation's of Professional Dentistry" by Dean J. Ben Robinson, D.D.S.

The Alma Mater is owned and published by the Alumni Association of the Baltimore College of Dental Surgery, Dental School, University of Maryland and issued annually in the Spring. Material submitted for publication should be sent to the Editor. Subscription rate is \$1.50 per year. For information concerning advertising, write to the Business Manager. "Be it resolved that the Alumni Association of the Baltimore College of Dental Surgery, Dental School, University of Maryland, and the staff of this journal, although publishing reports of the various officers, standing committees, essays and other material submitted to the staff of this journal, accept no responsibility for the opinions, theories, and criticisms therein contained."

President's Message

A WORD OF THANKS

Joe N. Price, '52

An odd way for an Alumni President to begin his year? Not necessarily, because this is the only communication during my year as President in which I will be able to communicate with all of the Alumni.

As you know, dues reminders were mailed last summer. It is hoped that you will appreciate not getting your alumni dues notice in December when you receive most of your other yearly bills. I want to thank you for mailing your dues back promptly.

I would also like to thank the "politicians" in the organization. These are your elected leaders who work for nothing other than the praise that we give them. For example, in the Alumni Association the "politicians" at the head table at the Alumni Reunion pay for their own dinner.

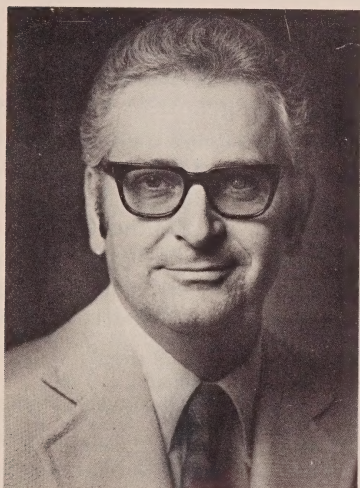

To those Alumni who serve as class chairmen for the five-year reunions, I must give a special thanks for the long hours that go into organizing each class program. To you, the Alumni that attend the reunions, and thus support all of our efforts, I give a special thanks.

Those of us from the school and the Alumni Association who will visit with the different alumni chapters around the country are anxious to meet with you and discuss new developments and programs at the school, and to solicit your support. We thank you for that support because many of the school's special programs are funded by the Alumni Foundation.

I am sure that we will have a good year, and thus further the progress of The Baltimore College of Dental Surgery.

Dean's Report

"FACING THE '80'S — CAN WE CONTINUE OUR PROGRESS?"

Dean Errol L. Reese, D.D.S.

The year began auspiciously with the successful outcome of a site visit by the commission on Accreditation. We are extremely pleased with the results of both the self-study and the recommendations of the site visit team. The fall 1981 issue of the FORUM provides an in-depth review of the accreditation recommendations. These two documents provide significant direction as this Dental School looks at the next decade, and also support the conclusion that BCDS today is probably one of the finest dental schools in the world. I am particularly proud of this School's faculty and staff and all they have achieved, and I am sure they will continue to further the progress of this great school.

As you are no doubt aware, all public education and service institutions are receiving less and less federal and state support; this school is no exception. However, through careful planning and budgeting and with the increasing support of alumni and friends, we have been able to sustain our progress!

Here are some of the highlights in activity and achievement at BCDS this year:

1. A small committee was appointed to review the undergraduate curriculum and is expected to make recommendations by the end of the year concerning how the dentist of the future should be trained. The committee has sought input from many sources including graduates of this school.
2. Evidence of an overabundance of dentists in Maryland, combined with other factors, led to the decision to reduce enrollment beginning this year. The Accelerated Professional Training Program is being phased out, and first-year enrollment was reduced by 26 students in 1981-82. A further reduction of 16 students in September of 1983 is possible. It is our hope through these measures to train fewer dentists in a program of exceptional quality.

4• THE ALMA MATER

3. The Continuing Dental Education Program did some traveling this year. Faculty provided a series of lectures to the United States Armed Forces in Germany, a program so successful we have been invited back in 1982. In addition, CE Summer Seminars were conducted in Ocean City for more than fifty participants, who encouraged continuation of the program.
4. Clinical faculty are becoming more and more involved in research, and a number have had significant grants from private industry. Dr. Morganstein and I recently returned from a visit to Japan where we have been invited to look at some new equipment and review a new technic of teaching preclinical dentistry. The individuals and companies involved in the development of this equipment have made a gift to the Dental School so that we can continue the testing and evaluation of this new equipment. The equipment was designed to simulate the practice of dentistry and should make the teaching of preclinical dentistry much more effective than ever in the past.
5. Without question, the faculty of any university holds the key to it success. The stature achieved by this Dental School in recent years has made it easier to recruit highly qualified new faculty to replace the valuable faculty members who leave us through retirement or other opportunities. The BCDS faculty has tremendous potential and will, I am confident, make very positive contributions to our educational programs and to the profession.

Many of the accomplishments listed above and much of our progress could not have occurred without the help of all the faculty, staff, alumni and friends of this fine institution. It is therefore incumbent upon these same groups of individuals to work even harder and pledge even more resources during the next decade. I hope that each of us who has contributed to the progress of this School in the past will double our efforts in the future, for only this can insure progress of this School during the 1980's.

Progress occurs in proportion to the cooperation between those individuals essential to an institution — its faculty, students, staff, alumni and friends. There is optimism and a strong faith in the future at BCDS because we are united in our interest and determination to keep this Dental School in the forefront of dental education. To do so, however, will require that we redouble our efforts to meet the challenges of the next decade.

STUDENT DENTAL ASSOCIATION

This year the Student Dental Association is striving to involve as many students as possible. Several new positions have been created to keep interested individuals working. Traditional appointments to the Baltimore City Dental Society and the Maryland State Dental Association continue to provide exposure to organized dentistry.

On the social scene, the SDA has sponsored several mixers. Two of these were joint efforts — one with the Alumni Association, and one with the Student Affairs Committee of the Dental School. This year the "Bull Roast" was abandoned and replaced with "Casino Night", which proved to be a tremendous success. All who attended were treated to a unique approach to fun and relaxation. Congratulations go to Irv Phillips, our vice-president, for a job well-done.

Many changes have occurred at the Dental School this year, and the SDA has been actively involved in providing feedback to the administration and staff. We also wish to help maintain open, effective lines of communication.

Many students are working very hard to make this year's SDA a success, and I commend each one of them. In an often apathetic student body, these fine people provide the extra commitment necessary to make Maryland's SDA one of the finest in the country. Special thanks to Dr. Mark Wagner and Ms. Deloris Williams for their unwavering support and counsel.

DON GALBO
SDA PRESIDENT

THE CLASS OF 1982

Left to right: Ron McCurdy, President; Bob Hoerauf, Vice President; Gary Imm, Treasurer; Gene Glover, Secretary

The Class of 1982 enters its final semester of clinical experience with a great deal of anxiety and anticipation while preparing for a variety of positions each senior will soon assume. Currently, the class has advanced 117 of the original 128 students, 21 being female which will be the most to graduate from Maryland to date.

Although the future still remains uncertain for a few students, many have already accepted positions with the Public Health Service, the Indian Health Service, the U.S. Army, Air Force and Navy Residency programs, private practice associateships and a variety of private residency programs. In addition, a few enterprising classmates have opted to open their own practice upon graduation.

While the last four years have elapsed expeditiously and uneventfully, I have little doubt that the Class of '82 will be a credit to dentistry in general, and the University of Maryland.

To each of my classmates goes the best of luck in their own future ventures.

RON MCCURDY
President

THE CLASS OF 1983

Left to right: John Alonge, President; Bob Bellissimo, Treasurer, Sandy Cahill, Secretary; Brian Sanders, Vice President

Now that we are approaching the halfway point in Dental School, there is no turning back! Who in his right mind would want to do that? At the beginning of our freshman year, the class size was 128; after two years of basic sciences, the class has increased to 145! At times, such a large class creates problems in communication, patient appointment slots, etc; however, we do our bet to work closely together to attain the same goals, i.e. fulfilling requirements.

Many students are spending some of their valuable time serving on various committees of the Student Dental Association, Maryland State Dental Association, and the Baltimore City Dental Society. Also, many students are employed part-time as lab technicians, pharmacists, security guards, bartenders, bouncers, etc.

JOHN L. ALONGE, *President*

THE CLASS OF 1984

Left to right: Bruce McLeod, President; Jane Daley, Vice President, Brenda Nivera, Secretary; Zach Press, Treasurer

The class of 1984 consists of 124 talented individuals who have made the transition from freshmen to sophomores. During this process the class has become a cohesive entity of it's own.

As sophomores; the class encounters many firsts in the dental profession. As sophomores; the class meets it's first live patient, writes it's first prescription, cast it's first bridge, and learns to read radiographs.

With much of the basic sciences behind, the class of 1984 looks forward to the years in the clinic and progression towards graduation.

BRUCE MCLEOD, President

“Did someone help you when you were in dental school?”

“I remember the times when people helped me. There were discouraging moments when others gave me guidance that enabled me to make it through. And there was financial help when I really needed it.

“I've never forgotten that assistance. That's why I'm involved with the AFDH campaign! It's a way of repaying some of the help I enjoyed when I needed it.

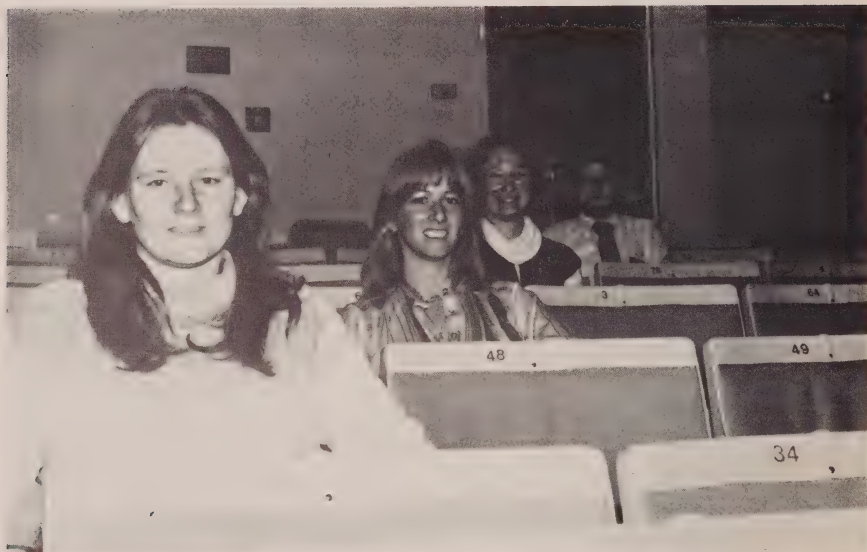

“If you feel the way I do, you can help too. Simply make a contribution to the American Fund for Dental Health! Your check will help provide scholarships for some of the country's 20,000 dental students, and it will help support the many research projects that ultimately help you practice better dentistry.

“I hope you'll send your check right now. There's really no better way of remembering the help you got when you were in dental school!”

American Fund for Dental Health

211 East Chicago Avenue, Suite 1630, Chicago, Illinois 60611

THE CLASS OF 1985

Left to right: Rita Kurek, Treasurer; Diane Gaffney, Secretary; Barbara Twiner, Vice President; Leonard J. Litkowski, President

The diversity of the Class of 1985 is evident through the 26 undergraduate majors of the 112 first year students. Ranging in age from 21 to 38, the class is composed of 85 men and 27 women and also includes nine students with graduate degrees. Seventy-nine Maryland residents are enrolled, representing 10 counties and Baltimore City. Thirty-one of the out of state students are from the eastern seaboard with the largest contingent from New York, and two are from California.

As a class we can look back to our first days at BCDS when we walked into anatomy lab not knowing what to expect, walked into BDS lab not knowing a wax carver from a burnisher and wondering how we were going to master all of this information. A remarkable change came over the class as it gained in confidence as arteries could be distinguished from nerves, as the handpiece became more than something to look at in the drawer and as Biochemistry was mastered. As the first semester draws to a close, the class can look forward to a hard but enjoyable three and one half years remaining with a more realistic outlook, realizing through it all, that the time will probably pass faster than any of us can imagine.

The support we have received from the Class of 1984 in making us feel that we belong to the BCDS community is greatly appreciated, and we look forward to being able to make the Class of 1986 feel as welcomed.

LEONARD J. LITKOWSKI, *President*

DEPARTMENT OF DENTAL HYGIENE

Dental Hygiene Alumni, when you reflect back over your senior year, do you remember thinking, "If it's Tuesday or Thursday, it must be College Park or UMBC?" As of Fall 1981, the seniors will no longer have to divide their time and attention between their minor or area of concentration and their academic and clinical program at the Dental School. The Department faculty and the Dental Hygiene Curriculum Committee agreed that students would be better prepared for their dental hygiene careers if the 18 credit hour concentration concept was eliminated and replaced with a broader base of courses that includes basic principles of management, teaching and learning, current issues faced by health care delivery systems; additional clinical time in the form of lecture, seminar and direct patient care experiences; and the opportunity to design and implement a project specifically related to their individual career goals in dental hygiene. In addition, these courses are also available to the postcertificate students. The students and faculty are very enthusiastic about these curriculum changes and agree that concentration in a specific content area is more appropriate at the Masters degree level.

Speaking of Masters degree, the Department has developed a proposal for a Masters of Science degree in Dental Hygiene. There are many committees and councils which must review and approve the proposal before it can be submitted to the board of Higher Education for final approval. An implementation date of Fall, 1983 is anticipated. If you are interested in learning more about the Masters program or sharing your thoughts on what you think a Masters program in Dental Hygiene could offer, please contact me.

The continuing Education courses offered by the department continue to be well accepted by the dental community. Both dentists and dental hygienists have attended many of the courses. If you are not receiving a CE brochure with all the course listings, please contact the Continuing Education Office (301-528-7146). Also, don't forget that as an alumni, you may visit the Dental School's Independent Learning Center and "brush up" on your own by using the audiovisual instructional materials available in a broad range of topics. You may request a catalog which lists all audiovisual materials available in the ILC by sending \$1.00 for postage and handling to:

Dr. James Craig
Independent Learning Center
Dental School
666 W. Baltimore Street
Baltimore, Maryland 21201

Please make check payable to University of Maryland Dental School.

Once again, I would like to thank all of you who generously gave to the Dental Hygiene Program or the Pat Stearns Scholarship Fund through the Annual Giving Campaign. Over \$650.00 was contributed last year by alumni, parents, faculty and friends. These dollars made possible the purchase of a special intra-ora lens for the department's camera and we're hoping to couple the remainder of the 1981 funds with 1982 contributions to purchase a much needed new ultrasonic scaler.

The 1982 Campaign will again be early Spring. 1982 is an extra special year for us since it is the tenth anniversary of the first graduating class. The Department is planning a very special event to commemorate this occasion and we're hoping as many alumni as possible can join together to celebrate. The proceeds from this event will be used to create loan fund for dental hygiene students.

If you are planning a trip to Baltimore, please do stop by and see us and our new offices on the 5th floor, A corridor.

CHERYL T. METZGER, *Chairperson*

Spring 1858

Each new year is a surprise to us. We find that we had virtually forgotten the note of each bird, and when we hear it again it is remembered like a dream, reminding us of a previous state of existence. How happens it that the associations it awakens are always pleasing, never saddening; reminiscences of our sanest hours? The voice of nature is always encouraging.

Henry David Thoreau

DENTAL HYGIENE JUNIORS

There is a group of 23 girls who a lot of people don't know yet, are never seen without each other, tend to inhabit the back of modules, and are frequently heard saying things like, "when am I going to find time!" We comprise the junior dental hygiene class and we came as individuals but rapidly found ourselves becoming a group with a common interest, which is more than making it through the next Oral Biology exam.

Our interest is in becoming professionals who promote the objective of our program by spreading prevention oral hygiene care. Through hard work, devotion, and a lot of guidance from our instructors, each of us is looking forward to the next two years and the start of fulfilling that interest.

JANE LOHINSKI, *President*

STUDENT AMERICAN DENTAL HYGIENE ASSOCIATION OFFICERS

Back row left to right: Brenda Slade, Secretary; Carolyn Wright, Historian; Betty Howard, Vice President. Front row left to right: Odalis Frecker, Treasurer; Cathy Ganssle, President

SADHA is the dental hygiene students' professional organization. Through participation in our professional association, we hope to gain a broader understanding of our roles in the health care community. SADHA'S main goal this year is to help integrate students into the working world of dental hygiene. Toward this end, we are participating in a number of different activities, including involvement in community events and interaction with other health care professionals and related business representatives.

Our community activities include participation in health fairs, Children's Dental Health Week and Maryland's Dental Hygiene Week. Our members are working with other dental hygiene students through the Junior Maryland Dental Hygiene Association and with RDH's through the Maryland Dental Hygiene Association. We feel that consumers and the dental community will benefit from a revision of the state practice act, so much of our interaction with hygienists and other students is aimed at supporting the activities of the MDHA Legislative Committee. To increase our awareness of the many different aspects of health care delivery, we are hearing from a variety of speakers, including dentists, business and financial managers and dental product representatives.

Student participation in SADHA will insure that the University of Maryland Dental Hygiene program graduates students who are not only well educated but well able to become vital, active members of the dental hygiene care team.

CATHY GANSSLE, *President*

DENTAL HYGIENE SENIORS

*Juniors left to right: Jane Lohinski, President; Lisa Koenig, Treasurer; Mary Pomykala, Secretary; Suzanne Storer, Vice President
Seated Senior President, Donna Reardon*

Although it was a truly mind boggling ordeal, I'm happy to say that our class survived junior year and can now relax a little as seniors. Don't get me wrong. We still have lots of wonderful little things to keep us busy, but now that we're "adapted" the pressure isn't so intense. We even remember what the term "social life" means and can carry on a conversation at a party about something other than the latest flossing technique. It is truly a relief to have been able to overcome Oral Biology and resume a somewhat normal existence.

I'm very proud to say that we're still the outspoken, assertive, and intellectual group of people that entered this school last Fall. We're definitely a unique class. Any dental hygiene faculty member will confirm that. I can honestly say that the Dental School will never be the same.

DONNA R. REARDON, *President*

Congressman John E. Fogarty Memorial Lecture

The First John E. Fogarty, Memorial Lecture, sponsored by The Rhode Island Section of the Alumni Association was held at 2:30 p.m. on May 26, 1981, in the Medical School Teaching Auditorium. The lecture "American Dentistry — Quo Vadis" was delivered by an alumnus Joseph P. Cappuccio '46, a past president of the American Dental Association, and himself a native Rhode Islander and a personal friend of the Congressman. Dean Errol L. Reese presided and introduced the speaker, before a substantial and appreciative audience.

Congressman John E. Fogarty, who was known as "Champion of Health" on Capitol Hill and throughout the nation, was born in 1913 in Providence, Rhode Island. Elected Democratic representative from Rhode Island in 1941, he sponsored many laws for improving the nation's health and succeeded in winning approval of health expenditures totaling in the billions during his years in Congress. In the late 1940's he helped wage the fight for an independently housed National Institute of Dental Research. Later he sponsored the inclusion of dental schools in the Educational Facilities Act, providing a ten-year program of grants to construct and rehabilitate dental and medical school facilities. And it was through his efforts that appropriations were provided for expanding dental research activities.

In tribute to his many contributions to dentistry, the American Dental Association conferred on him its highest honor — honorary membership — in 1957. Other honors included the Distinguished Service Award of the American Cancer Society, and the first award of the National Association for Retarded Children.

President Lyndon B. Johnson called Mr. Fogarty "a great leader" and acknowledged him as a "major architect in the fields of health and education." His death in 1966 came shortly before he was to have been sworn in for his fourteeneth term in Congress.

Well Done Bob — So Long

Alumni Golf Tournament

Left to right: Mike Ventura, John Patterson, Connie Inman, Dick Morris

On Friday, May 29, 1981 the Annual BCDS Alumni Golf Tournament was held at the Hunt Valley Golf Club. A robust and thirsty field of 50 golfers teed off at 10:00 a.m. The best round of the day went to Rick Beham '67, who shot an outstanding 71 and won Low Gross. Doctors Snyder '44, Casey '66 and Bellanca '66 followed in succession in the gross prizes.

Harry Dressel '45 won the honors for low net. Following Harry Funderburk '57, Charleton '62; John Patterson and the inimitable Joe Cappuccio '46 who played very well. Closest to the pin honors went to Phil Norris '56.

Following the tournament all participants retired to the bar for deep scientific discussion over several libations.

JAMES R. SULLIVAN, *Chairman*

Again — Attention Please

Undoubtedly many of our Alumni have achieved honors and merited distinction, but the facts surrounding such occasions have escaped our attention. Perhaps modesty or indifference has interfered with the news reaching us.

This is regrettable, for one of the principal purposes of the Alma Mater is to serve as a repository of events.

Therefore, we urge you to send us information so that we may print the news.

KYRLE W. PREIS, *Editor*

Distinguished Alumnus for 1981

Dr. Ashur G. Chavoor and Family

Left to right: Mrs. Ashur (Ramonde) Chavoor, Ashur, their daughter Claude, and Mrs. Chavoor's mother Mrs. De Bruin

Dr. McCarl, President Bates, President of ADA Houlihan, Guest of Honor, Chavoor, President of the University, Dr. Toll, Regent Hoover, Chancellor Farmer, Dean Reese, Members of the Fifty Year Class, Returning Five Year Class, Distinguished Guests at the dais, Lovely Ladies, Fellow Alumni and Friends:

Past Presidents of the ADA never die. They just fade away into oblivion; but, fortunately for me, during the past couple of years I have been kept busy with talks throughout the country and abroad.

Recently, I had the pleasure of lecturing to the American Dental Society of Europe in Stratford-upon-Avon. It was a beautiful and quaint little English village on the bank of the River Avon. I visited the statue of Sir William Shakespeare, the bard of Avon, and I saw inscribed upon the statue the following:

*Life's but a walking shadow!
A poor player
That struts and frets
His hour upon the stage
and then is heard no more.*

I believe these words were prophetic, and they could very well have been meant for Past Presidents of the ADA.

It is my pleasant duty this evening to say a few words about a friend and colleague of many years. The man we honor this evening is well known to many of us having spent pleasant and fruitful years serving the cause of our great profession.

Our distinguished alumnus has spent all of his professional life in the District of Columbia. His early roots were in New England. He hails from Worcester, Massachusetts where he attended Clark University. He earned his AB degree at Clark in 1944.

Dr. Chavoor has been blessed with his lovely wife, Romande, and his beautiful daughter, Claude. With all individuals of stature and accomplishment, the seed is very important. The background of a man, his family life, usually mirrors his life. Romande, Ashur and Claude have enjoyed a very full and happy life together.

Tonight, we honor Dr. Chavoor for a lifetime of achievement. He has been totally committed to his profession; always willing to serve in order to move the frontiers of dentistry forward. He personifies professional *ethics* and *credibility*.

His career has been a versatile one. He has contributed to all segments of society, his profession, his Alma Mater, his community and nation. All who have known him admire his character, ability and honesty. He has devoted his life to the health and welfare of his patients, students and colleagues.

In his chosen field of orthodontics, he has no peers. One of the few mistakes he has made in his life was to become associated with our satellite institution of dentistry, Georgetown University, School of Dentistry. Dr. Chavoor has been a member of the faculty for over 20 years and has served as Chairman of the Department of Orthodontics from 1962-1979.

During his illustrious career, he has had the honor of serving as President of the following Dental Organizations: the D.C. Dental Society, Middle Atlantic Society of Orthodontics, the University of Maryland Dental Alumni Association, Psi Omega Alumni Chapter, Columbia Study Club, Omicron Kappa Upsilon, and many other organizations too numerous to mention.

He has published numerous scientific articles and has lectured throughout this country and abroad. He is a fellow of the American College of Dentists, International College of Dentists, Diplomate of the American Board of Orthodontics, Fellow of the American Dental Schools. He has been a Director of the American Association of Orthodontics, and American Dental Political Action Committee. He presently serves as the Speaker of the House of Delegates of the American Association of Orthodontics.

Dr. Chavoor's greatest accomplishment in Organized Dentistry was his election as Trustee of the 4th District of the American Dental Association. He succeeded me in that position, when I ran for the Presidency of the American Dental Association. It was a thrill for me to have a former student and close friend take over the office of 4th District Trustee. He has served the District and ADA with great distinction. He believes strongly in the free enterprise system for both our profession and nation. He has been a strong and consistent advocate for the private practice system and strongly opposed government intrusion in the practice of dentistry. The beaurocrats on the banks of the Potomac have felt his hot breath on many occasions.

Ashur spices his serious approach to life with bits of humor. Let me recall some gems that have come from his lips. There was a disagreement over an issue. He was greatly disappointed in my position. Ashur indicated that he would's support me, even if I were running for the Chairmanship of the Necrology Committee.

Dr. Chavoor is a very warm and wonderful human being. He is a credit to our profession. He is truly an accomplished dental leader.

He has travelled extensively abroad. He treated the King of Morocco's daughter in Morocco while she was under orthodontic care. He has been a missionary and an ambassador of good will for dentistry throughout the world. For me it has been a joy to be called his friend. We are deeply indebted to Ashur and Romande for what they have done for us and our great profession. They deserve our Thanks and appreciation for a job well done.

Because of Dr. Chavoor's lifetime of achievement and service to people and his profession,, we pay tribute and honor to him this evening with our most coveted award. He joins a long list of illustrious and distinguished graduates of our school who have been so honored.

Ashur, you have lived a very wonderful and fruitful life. You have made friends throughout the world. Tonight marks one of the highlights of your career when you have been recognized by your peers. Who could ask for anything more?

To Ashur, my friend and colleague, I say congratulations and best wishes for an honor justly deserved.

Mr. President, it is an honor and privilege for me to present a friend, teacher, orthodontist par excellence, a true professional, the Distinguished Alumnus for 1981, Dr. Ashur G. Chavoor.

JOSEPH P. CAPPUCCIO '46

Dr. Roy Bridger '26 Receives Award

Dr. Roy Bridger and his wife Georgie

Dr. Roy Bridger an outstanding and loyal alumnus of the class of 1926 received the Montgomery County Cancer Society's President's Award, the presentation was made by Dr. Lloyd Church, another alumnus of our school and a long time friend of Dr. Bridger.

Dr. Bridger is a native of Lewiston, North Carolina. He attended Oak Ridge Military Institute and Wake Forest college and graduated from the University of Maryland Dental School in 1926. He served in Dental Clinics in Maryland and in the private practice of dentistry. He became associated with the Maryland State Department of Health in 1939, and in 1941 became Dental Director of the Montgomery County, Maryland Health Department. In this capacity he became known throughout the County and the State Department of Maryland for his unselfish efforts on the part of dental health care.

He served actively in organized dentistry, through the Southern Maryland Dental Society, the Maryland State, and the American Dental Association and was president of the Southern Maryland Dental Society in 1951. He was a member of the American Association of Public Health Dentists, American Society of Children's dentistry, The University of Maryland Montgomery County Alumni, and the Dental Alumni of Psi Omega and Phi Sigma Kappa. He has served on just about all the committees and offices of the American Cancer Society, Lung and Heart Associations, and no meeting was considered really closed until after the famous Bridger Benediction.

His service with the Montgomery County Health Department spanned twenty-eight years. At one of the many dedications and awards ceremonies honoring him he reminisced about his trips around the county in the early years.

Golden Anniversary Class of 1931

*Standing left to right: A. Kohn, E. Nuttall, C. Coward, C. Margeson, E. Barnes
Seated left to right: J. Levin, J. Sucoff, J. Cohen, E. Stanton, E. Gunther, A. Lankford*

The Class of 1931 celebrated its golden anniversary with memorable reunion activities on May 29-30, 1981 at The Hilton Hotel, Baltimore, Maryland.

Our reception-hospitality function was held in the Jefferson Room on Friday afternoon 1:30 — 5:30 p.m. Ten classmates, their lovely wives and guests attended this good fellowship get-together for relaxed comradery and to reminisce. Unfortunately, a sudden death of a member of the family of our honored guests Dr. and Mrs. C. Clifton Coward cancelled the attendance of Mrs. Coward. However, our popular instructor in Dental Anatomy Technics and Crown and Bridge Prosthodontics, Dr. Charlie Coward attended and again exhibited that special knack of recalling many happy incidents which occurred during our student days. Among other guests who added an extra highlight to this affair were: Mrs. Mae Minaham, Mrs. Shirely Rostov, Mrs. May Graffam and Mrs. Desma McMullen.

On Friday evening a magnificent dinner party was held at the Miller Brothers Restaurant. Preceding the serving of food, ample time was available to read several important letters in reference to this reunion. The first letter was written by our Honorary Class President, Dr. Harry B. McCarthy, who deemed it inadvisable to attempt the trip to Baltimore from Dallas, Texas. He conveyed his regrets and best wishes in a most interesting letter. Communications were also read from Charlie Dillon and Luther Fetter extending their warm regards and expressing disappointment in not being able to attend.

At the Annual Alumni Reunion Banquet on Saturday evening, Dr. and Mrs. Regnald Cline joined our group which increased the number of classmates in attendance to eleven. As honored guests at this banquet and recipients of a 50 year certificate, the members of the Class of '31 wish to express their deep appreciation to the Offices and Board for their generous hospitality and the recognition of our half century of survival.

ALLAN LANKFORD
ERNEST NUTTALL

Class of 1936

*Seated left to right: I. N. Brtoman, J. F. Metz, J. L. Corthouts, L. H. Shipman
Standing left to right: H. Cooper, H. B. McCauley, S. Friedman, E. N. Hoffman, S. Hanik,
L. Milobsky, R. S. Paskell, M. M. Riddlesberger and M. L. Levy.*

The B.C.D.S. Class of 1936 joined the Alumni Association at the Baltimore Hilton on Saturday, May 30, 1981 to attend the General Reunion Cocktail Party and Reunion Dinner Dance.

The highlight of this 45th reunion was the private "bang up" cocktail party which was held from 4:30 to 6:30 p.m. at the Hilton. All of our out-of-the city classmates were impressed by and enjoyed the changes in our city.

We here in Baltimore wish you good health and good luck and look forward to being with you on our 50th.

I. NORTON BROTMAN

Class of 1941

Seated left to right: Paul Castelle, Raynard Ruskin, Sterrett Beaven, Philip Chmar, Robert Baker

Standing left to right: Robert Betts, Carl Schulteis, Fred Aurbach, Snuffy Smith, Edmund Bohme, George Reusch, Donald Frey

On May 29th, thirteen members of the class of 1941 of the Baltimore College of Dental Surgery and their wives — Sally & Daniel Berman, Daphne & Paul Castelle, Doris & Sterrett Beaven, Mildred & Edmund Bohme, Ruth & George Reusch, Gertrude & Fred Aurbach, Millie & Bernard Smith, Frieda Rudo & Raynard Ruskin, Mary Louise * Robert Baker, Mollie & Philip Chmar and Carl Schulteis attended their fortieth reunion at the Hilton Hotel in downtown Baltimore. It is interesting to note that Dr. Betts came from Newfoundland and Dr. Castelle from Spain.

Don Frey was chairman, Stu Beaven was co-chairman and together hosted a cocktail party from 3:30 to 6:30 in their adjoining rooms. At seven o'clock the group reconvened at the Baltimore County Club for a gourmet dinner followed by a short business meeting bringing those present up to date on their classmates.

Those not attending might be interested in learning of those members who are deceased. They are Benjamin Birschtein, Alfred Brotman, Joseph Burch, Gilbert Caldwell, John Calaway, Nicholas Capone, Abraham Chernow, William Collins, Donald Corbitt, James Easton, Stanley Heller, Harold Hyman, Bengamin Levy, Govani McClees, Myron Policow, Harry Sloan, Joseph Smith, Russell Spina, Charles Taub, Daniel Farrell and Anthony Matisi.

The concensus was that those unable to attend really missed a delightful reunion. Everyone expressed an interest in being together again for our 45th.

DONALD T. FREY

Class of 1946

Standing left to right: Francis P. Naples, Ernest Henrichs, Joseph P. Cappuccio, Walter Neuman, Robert J. Murphy, Harold D. Moses, Michael V. Morelli, Eugene C. Moes, Joseph P. San Clemente, Norman D. Paquin, Lloyd D. Towlen, Norman E. Toussaint, Frederick Weinstein, Frank E. Peterson, Leonard Nordozza.

Seated left to right: Mrs. Norman Paquin, Mrs. Robert Murphy, Mrs. Rocella Cappuccio, Mrs. Mary San Clemente, Mrs. Harold Moses, Mrs. Lloyd Towlen, Mrs. Frederick Weinstein.

A very enthusiastic and representative group returned to Baltimore to enjoy Alumni Week and to visit with their classmates, wives and friends. The Class of 1946 was a war class with 65 members.

It was a great deal of fun for the group to reminisce about the good old days at the Baltimore College of Dental Surgery and the activities of the various members of the class and their families. The returning graduates participated in the various functions of Alumni Week such as: golf, scientific sessions and social affairs.

A very successful and enjoyable reception was held in the hospitality suite of the Hilton Hotel from 5:30 p.m. to 7:30 p.m. The group then proceeded to visit Harbor Place and to have a very delightful cocktail party and dinner at the fabulous Vellegia's Restaurant in Little Italy.

At the dinner, chairman, Joe Cappuccio asked each of his classmates and their wives to make appropriate remarks. You can imagine the levity and fun of this occasion. The class also paid tribute to Dr. Cappuccio for his tenure as President of the American Dental Association. They were extremely proud of their classmate. The reception and dinner was enjoyed by all in attendance.

The Class of 1946 topped their reunion by attending the General Cocktail Party and Banquet at the Hiton Hotel on Saturday, May 30th. The class is now planning an interim reunion in about two years and is looking forward to returning to Baltimore in 1986 for their 40th Year Reunion.

J. P. CAPPUCCIO

Class of 1951

Standing back row left to right: Jerald Morganstein, Hugh F. Hicks, Glenn Poling, Robert Carr, James Tether, Paul Torre, Fred Lester, George Weir, Jr., Reese Funderburk, Jr., Carl Brigada.

Seated center left to right: Sylvan Pleet, Jack Komros, Don Dowe, Jon Dearman, Elizabeth Schneider Edwards, Louis Tiroletto, Jack Robertson, Simon Berenson, Leon Toffic.

Seated front left to right: Don Titus, Gerald Eskow, Gene Armstrong, Forrest McDougal, Howard Rosen.

The Class of '51 had a notable reunion. Our headquarters was the Hilton Hotel in downtown Baltimore only two blocks from the revitalized harbor.

Once again we did not have a formal dinner for the class. Instead we had an open house hospitality suite on Thursday and Friday from noon to 2 a.m. It was a jam packed room at all hours. Then members enjoyed the foods of Little Italy, Fells Point and the new Harbor Place Pavilion and some stayed in the hotel and visited Miller Brothers.

More than 42 classmates returned. Not all are in the pictures. Saturday night 40 of us attended the official Alumni Dinner Dance and we again had the largest turn out of the School except for the 25th year class.

From the many converts this a most favored format as compared to the more formal scheduled affairs. Many of our classmates attended the Lecture at the University and complimented the Lecturer and the School for the timely subject and the excellent Lecturer, Harold Strasser. This was followed by the Dean's Luncheon, again attended by many of our classmates and we are proud of our position in the Giving Program to the School funds.

Carl Brigato, Howard Rosen and Jerry Eskow are proud of the fact that their children are in attendance at our Alma Mater at this time.

GERALD V. ESKOW

Class of 1956

*Left to right bottom row: Frasher, Moss, Kern, Norris, Bates, Silvestro, Palmer, Paterniti
Middle row: Grambow, Fleming, McCarl, Whiteside, Sorrells, Connelly, Callahan, Gagne, Mertz
Standing: Caliardi, Murphy, Schlegel, Denisch, Rollins, Saal, McLeod, Yent, Coberly, Caputi, Soutar, Toropilo, Weikert, Heimert, Agreti, Trepp, Skib, Youngblood*

“Comradery” — that’s what this class has — Approximately 50% of our graduating class returned for some or all of the super social events that were held.

We started out Friday at 1 p.m. with a Hospitality Suite at the Hilton Hotel for classmates and wives. Renewed friendships, talks of olde times and new times and much humor prevailed. Good hors d’oeuvres and drink increased our merriment.

At 7:30 p.m, Friday we closed the Hospitality Room and all boarded a bus for a trip to Spittells’ Crab House. We passed several “old Haunts” (i.e. the “Loop”) on the way and recalled some past times. The crab feast was a continuation of our party with beer, crabs, and singing (Boo on the singers.)

We were back at the Hilton by midnight where even a few still couldn’t say goodnight.

At 8 a.m. on Saturday, 55 of us walked down to our newly restored Harbor and had a fantastic buffet breakfast. We were then free to shop and site see in the Harbor until 12 noon when we were picked up there by bus and toured Baltimore. We toured by the old and new Dental School; the downtown University of MD campus; drove our Lombard St.; stopped at Federal Hill to overlook the Harbor; visited "The Block", Baltimore St.; Little Italy, the old morgue; the shot tower; stopped at "Jack's" for a cornedbeef sandwich and proceeding to the Belvedere (Sheraton-Belvedere where we held our school dances) for a few drinks on the newly remodeled 13th floor. From here our panoramic view of Baltimore ended after 2 hours and we bussed back to the hotel for preparation for the big dance.

At the General Alumni Dinner-Dance our class was extremely well represented in number (58 people) and in leadership with Clayton McCarl being president of the MD State Dental Assoc. and Bob Bates being president of the University of MD Dental Alumni Assoc. and Phil Norris, Bob Murphy, Bob Wilson, and Ray Palmer holding other Alumni offices. By the time the speeches cleared and we looked around only our class remained. Drink and music was all ours as we continued our joyous celebration and even took up a collection to keep the band an hour longer. A super party.

Those of us who could sing "flat" then continued our party in another suite until we just couldn't stand Fred Donnelly, Bernie Coberly and Nancy Yent anymore. Wow, what singing!

On Sunday we again all met (many were tardy and red-eyed — we made Pete Mertz wear glasses) and walked to the Harbor for a champaign breakfast (we all needed that). After 2 to 3 hours no one wanted to leave, we slowly said our goodbyes and eagerly looked forward to another and sooner reunion.

Group photos were taken and mailed to participants. Thanks to Phil Norris for all the photo badges. Much thanks and appreciation should go to our wives and dates for putting up with all our nonsense and corny jokes. We love them all. We also take pride in knowing that two of our classmates (Carlton McLeod and Dan Whiteside) have achieved Admiral status. Some classmates had remarried and we would like to wish them well.

The thanks the committee received was greatly appreciated but the good time that everyone had was the greatest reward. We all felt sorry for those classmates that couldn't join us. You missed a reuniting of friends that ran from Friday noon to Sunday noon and a rekindling of a bond that is deeper than many of us might realize.

Until we meet again. Rewarding Dentistry to you all.

PHIL NORRIS
RAY PALMER

Class of 1961

The twentieth reunion of the Class of 1961 was held on Friday, May 29, and Saturday May 30, 1981. In attendance were Morris Antonelli, Gil Berman, Sam Boland, Doug Bryans, George Buchness, Tom Cavanaugh, Bill Girotti, Jack Goettee, Stan Hamburger, Arnie Hecht, Paul Hoffman, Pat Iacovelli, Stan Kaminski, Doug Kaplan, Mike Kolakowski, Bob Kovack, Bob Lattanzi, Arnie Loew, Dick Marrone, Al Martin, Tony Oliveria, Jim Palmer, Al Perlmutter, Malcolm Renbaum, Jack Robinson, Bill Rockefeller, Ted Rosa, Victor Rosado, H. G. Sawyer, Mel Slan, Lou Synder, Stan Stoller, Brett Summey, Jack Swann, Don Tilghman, Nortie Tucker. A cocktail party followed by dinner was held at the Belvedere Hotel on Friday evening and was attended by 33 members of the class with their wives. It was truly a memorable emotional occasion with some people returning for the first time since their graduation. Victor Rosado, having come from Puerto Rico, again won the prize for being the alumnus that travelled the farthest to attend our reunion. Others came from Florida, South Carolina, Massachusetts, Virginia, New Jersey, New York, Connecticut, North Carolina and of course Maryland. It was very rewarding to see so many old friends gathered together recalling "the good old days" and getting caught up on each others activities over the past years. During the course of the evening the hat was passed and \$200 raised for the Frank J. Sinnreich Memorial Fund. The Sinnreich Award is given annually to recognize excellence in teaching and is highly coveted by the faculty of the Dental School. This is certainly a fitting memorial to Frank.

On Saturday afternoon tours of the Dental School were arranged by Dean Reese and that night the festivities were concluded with the annual Banquet and General Reunion at the Hilton Hotel.

GEORGE F. BUCHNESS
DONALD M. TILGHMAN

The Distinguished Alumnus

Anyone wishing to submit a name for consideration send the Curriculum Vitae to the Alumni office:

666 W. Baltimore St., Baltimore, MD 21201

Class of 1966

Left to right standing: George Williams, Tom Johnson, Jerry Klein, Jim Wagner, John Baar, Walt Makoc, Mrs. Mae Graffin, Mrs. Desmond McMullen, Frank Merola, Paul Bellanca, Jim Casey

left to right seated: Mrs. William, Mrs. Johnson, Mrs. Klein, Mrs. Wagner, Mrs. Baar, Mrs. Makoc, Mrs. Merolla, Mrs. Bellanca, Mrs. Casey

The class of 1966 held a small but joyous reunion at the Hilton Hotel in Baltimore. Paul came all the way from the 50th state, and Walt came all the way from who knows where. Frank arrived with a bent one iron, Casey quiet as ever, and Jim with no b.s. John, Tom, Jerry all brought great dates. We missed old friends who didn't show and vowed to make the next one better than the last.

GEORGE WILLIAMS III

Birth Control

A doctor was surprised to find a cute nurse's aide holding a patient by both wrists. "You don't have to do that to check his pulse," he pointed out.

"I'm not," said the girl. "I'm checking his impulse."

— *Good News*

Class of 1971

Top left to right Elliot Gray, Neil Gottehrer, Jim Myers, Joe Gore, Ron Gunderson, Wally Harshberger, Mike Clayman, Paul Mallek, Jeff Sohr, Bill Zouckian

Middle left to right Bruce Weiner, Alan Turner, Barry Walpert, Bill Bresonis, Dick Boyce, Hank Blank, Jim Bishop, Sandy Biars

Front left to right George Kassolis, Jerry Krause, Harry Gildenhorn, Dick Thompson, Joe Pino, Howard Berg, Jay Abramson

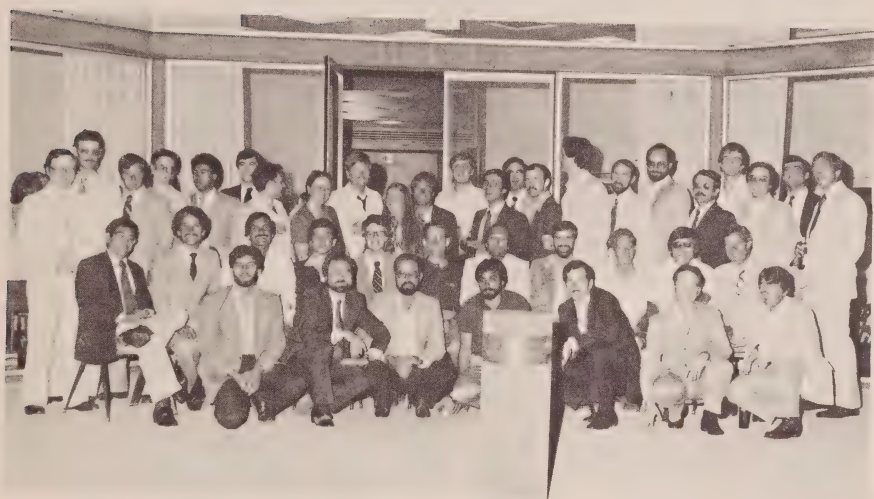

The class of 1971 was very well represented at all of the June week functions. All in attendance at the Hilton will relate the most enjoyable memories of the evening and we are looking forward to gathering again in five years. The "die hard" that stuck together at Phillips enjoyed some good fellowship and seafood.

RICHARD A. BOYCE

Past Recipients of the Distinguished Alumnus Award

1956	George M. Anderson '19	1967	Samuel Pruzansky '45
1957	No Award	1968	Saul Gale '22

Class of 1976

Left to Right Front Row (kneeling) Steve Kleinman, Abe Ingber, Tony Rose, Jeff Lieberman, Tom Berman, Neal Grossman, Mark Jenkins.

Second Row (seated) Mel Reff, Pat Murray, Terry Mandleberg, Howard Benson, Steve Gibson, Lew Libby, Ralph Weiner, Mike Dougherty, Bill Barenburg, Bob Rix, Ed Swain.

Back Row Louis Myers, Jerry Ruden, Lee Gosnell, Gig Mislovesky, Bob Leung, Barry Lyon, Marvin Freeman, Marianne Coburn, Randy Harris, Adrienne Jenkins, Sandy Cook, Steve Feit, Ralph Guercio, Arnold Sindler, Gil Storer, Jim Lamb, Lee Katz, Mitch Kellert, John Lufburrow, Sam Hawrilak, Lenny Bers, Steve Varipatis, Bill Burdt.

Five years after parting company at the Civic Center, approximately forty-five former classmates were reunited. The class of '76 gathered at the Terrace Rom of the new Maryland Science Center with a fabulous view of the new inner harbor and Federal Hill. Food and drink were plentiful as old friends remembered the highlights of dental school and recalled the events since graduation. Everyone seemed quite pleased with the turn-out and really enjoyed themselves.

LEON KATZ

Singer Harlene Winsten remembers that her hometown was kind of dull: "If you owned a painted turtle, you were considered an art lover."

Alumni Reception

D. C. Post-Graduate Clinic Meeting
Hospitality Suite — Shoreham Americana Hotel
Washington, D.C.
April 5, 1981

The Alumni Reception held in conjunction with the D.C. Post Graduate Clinic Meeting at the Shoreham Americana Hotel in Washington, D.C. this past April 5th was again successful.

These are informal gatherings with light refreshments, the kind most alumni like best; the alumni association provides the setting and the modest cost is paid by the association. The following were in attendance:

Robert J. Wilson '56
Anne L. Wilson
Laurence E. Johns '62
Patsy Johns
Jane M. McCarl
Guy P. Burkett '52
Rene Burkett
Joe N. Price '52
Lois Price

ALUMNI RECEPTION

Colegio de Cirujanos Dentistas de Puerto Rico
Phi Sigma Alpha Fraternity
San Juan, Puerto Rico
Wednesday, January 28, 1981

A successful Alumni Reception of the Puerto Rico Alumni Section was held on Wednesday, January 28, 1981 at the Phi Sigma Alpha Fraternity. As usual, a large turnout of our graduates and wives attended the reception and dinner. The dinner was preceded by a enjoyable cocktail party where the alumni and their wives visited with their mutual friends and guests from the states. In attendance were: Dr. Joe Cappuccio and his wife, Rocella, Dr. Ashur G. Chavoor and his wife, Romande, and Mr. & Mrs. Wilson Lau as guests of the Puerto Rico Section. Dean Reese was unable to attend due to a conflict in his schedule.

Presiding at the short business meeting following a delightful dinner was Dr. Guillermo T. Calderon of the Class of 1946. Dr. Calderon was serving as President of the Section. He called on both Dr. Cappuccio and Dr. Chavoor to make appropriate remarks to the group. Dr. Cappuccio made special remarks pertinent to the activities of the Dental School and brought greetings and best wishes from Dean Reese. Dr. Calderon then introduced the various officials of the Colegio in attendance who also made appropriate remarks.

The group reelected the entire slate of officers for the coming year. Dr. Calderon and his officers deserve our thanks and appreciation for a most successful year.

A highlight of the meeting was the announcement of the candidacy of Dr. Carlos J. Noya for First Vice President of the American Dental Association. This election was to be held at the Annual Convention in Kansas City, Missouri in October 1981. Both Dr. Cappuccio and Dr. Chavoor asked for strong support for Dr. Noya's candidacy. The entire group was very enthusiastic and supportive of Carlos.

As in the past, the Puerto Rico Section continues to be one of our strongest. This special evening which is held in conjunction with the colegio meeting continues to be a high point of the meeting. Our graduates are a mainstay of the profession in Puerto Rico.

J.P.C.

ALUMNI RECEPTION

American Dental Association Convention
Kansas city, Missouri
Sunday, October 25, 1981

An enthusiastic and enjoyable Alumni Reception was held on Sunday, October 25, 1981 in conjunction with the American Dental Association meeting in Kansas City, Missouri. Unfortunately, the attendance was not very large because Kansas City did not draw a large registration for the ADA meeting. There was in attendance, however, a very representative group from throughout the country. There were many in attendance from Puerto Rico and Hawaii. As usual, our alumni had a most enjoyable time visiting with each other and asking questions about Baltimore and our Alma Mater.

A highlight of our reception was the candidacies of so many of our graduates for high office in the American Dental Association. Dr. Burton Press of California who has served as speaker of the ADA House of Delegates for the past five years was elected as President Elect of the American Dental Association. Dr. Robert Wilson of Maryland was running to succeed Dr. Press as speaker in a five man race but, unfortunately, lost his election to Dr. Bernard Snyder of Ohio. It was a very close race and we can be proud of Dr. Wilson's effort. A very popular choice was the election of our graduate, Dr. Carlos J. Noya of Puerto Rico, as First Vice President of the American Dental Association. It appears that our graduates are doing extremely well in American Dental Association politics. This speaks very highly of our Alma Mater and Association. The Alumni Association and its officers wish to congratulate both Dr. Press and Dr. Noya upon their election.

In attendance at the reception was Dr. Joe N. Price, President of the Association, and Dr. Joe Cappuccio, Secretary of the Association and Past President of the American Dental Association. There were many present from the State of Maryland such as: Dr. Michael Ventura, Dr. William Finagin, Dr. Larry John, Dr. William Strahan, Dr. Robert Wilson, Dr. Harry W. F. Dressel, Jr., all of whom served as American Dental Associations delegates from Maryland. There were many wives and guests in attendance. Our alumni are looking forward to a large turnout at next year's alumni reception which will be held in Las Vegas, Nevada.

Let us all plan to meet next year in Las Vegas and have one of our largest turnouts. It should be a great reunion for us all.

J.P.C.

NEW JERSEY ALUMNI SOCIETY

Pictured are the following members of the New Jersey Alumni Society of University of Maryland School of Dentistry, Dr's Cabana, Cirillo, Cooper, Daub, DeHasslaw, Dooley, Eskow, Hassler, Hovland, Joule, Jozefiak, Lenick, Orlansky, Passarelli, Pearson, Roberts, Rocco, Savino, Schein, Silverberg, Snyder, Tell, Thompson, Toffic, Tore, Weiselberg and Yampolski.

The New Jersey Alumni Society of the University of Maryland School of Dentistry held its annual dinner meeting on Nov. 10, 1981 at the luxurious Meadowlands Hilton Hotel in Secaucus, New Jersey. The speakers and honored guests for the evening were Dr. John Hassler and Dr. Eric Hovland from the dental school.

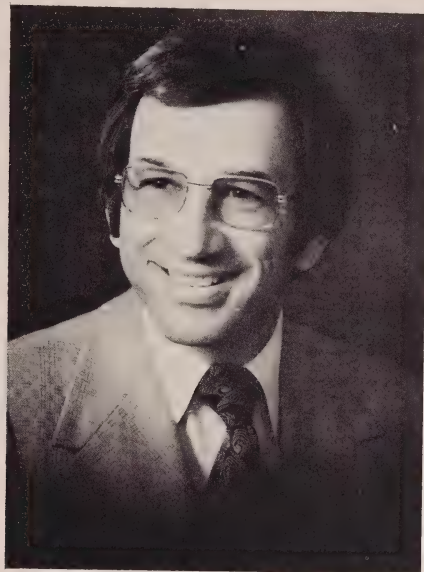

During the meeting the nominating committee represented by Dr's Jack Eskow, Joseph Lynch, and Bernie Tell recommended the following officers for the next two year term:

- | | |
|------------------|------------------------------|
| President - | Dr. Bernard J. Orlowski, '60 |
| Vice President - | Dr. Thaddeus F. Lenick, '55 |
| Vice President - | Dr. Jack Eskow, '33 |
| Treasurer - | Dr. Paul Torre, '51 |
| Secretary - | Dr. Alan J. Silverberg, '77 |
| Ex. Officio - | Dr. Bernie Tell, '52 |

All of the nominee's were unanimously elected.

The meeting was a success with twenty-five alumni and their spouses attending. The speakers were entertaining and enlightening, and a good time was had by all.

DR. BURTON PRESS NAMED UOP ASSISTANT DEAN FOR CONTINUING EDUCATION

Burton Press, '53

Dr. Burton Press, former Speaker of the House of Delegates of the American Dental Association and President-Elect of the ADA, has been named Assistant Dean for continuing Education and Community Programs at the School of Dentistry, University of the Pacific, San Francisco, announced Dr. Arthur A. Dungoni, Dean.

Dr. Press will initiate his duties at the Dental School immediately, as a Consultant and will assume full duties and responsibilities on September 1, 1981. Dr. Press brings to his position a strong background in professional practice, coupled with many years of involvement with organized dentistry and continuing education.

Dr. Press, a 1953 graduate of the University of Maryland Dental School, has held the ADA speaker's position since 1976. He has also been a delegate to the ADA annual session since 1968 and has served as chairman of two ADA House Reference Committees. A former president of the Contra Costa Dental Society and the California Dental Association, Dr. Press holds professional membership in the American College of Dentists, the International College of Dentists and the American Academy of Dental Practice Administration.

Dr. Press and his wife, Rona, have two children and reside in Walnut Creek, California.

DR. CARLOS J. NOYA
Elected First Vice President
of the American Dental Association

Left: Carlos Noya and Sam Hoover '25

The Alumni Association is happy to announce that another illustrious Alumnus has been elected to high office in the American Dental Association. Dr. Carlos J. Noya of San Juan, Puerto Rico was elected to the First Vice Presidency of the American Dental Association at the 122nd Annual Session in Kansas City, Missouri.

Carlos is a graduate of the class of 1950 of our Alma Mater. he has been extremely active in the affairs of organized dentistry for the past twenty-five years. He has dedicated most of his adult life to the advancement of his profession. His pride and enthusiasm for dentistry have motivated him to serve the organized profession in a great variety of ways.

He has been a delegate to the ADA from Puerto Rico since 1974. He has served both as a member and Vice-Chairman of the ADA Council on Dental Practice. Dr. Noya has also served as Vice-Chairman of the ADA Fourth Trustee District in 1977. He also served as a member and chairman of Reference and Standing Committees of the ADA House of Delegates. Carlos has served both as President of the Colegio de Cirujanos Dentistas de Puerto Rico and the Puerto Rico Dental Association. He is both a member of the American and International College of Dentists.

This is the first time that a native Puerto Rican has been elected to high office in the American Dental Association. Through sixteen years of attending the House of Delegates sessions of the American Dental Association, he has earned the respect and admiration of his fellow delegates as a hard working, clear thinking and dedicated member of the house and our profession.

He has been blessed with a lovely family, his wife Irmie and three wonderful children. Dr. Noya is a great credit to our profession and Alma Mater. He is truly a Distinguished Alumnus. We are extremely proud of him. The Alumni Association and its officers offer our very best wishes and congratulations to Carlos and wish him great success and happiness during his tenure as First Vice President of the American Dental Association.

Elected

Stanley Kogan '54

Dr. Stanley Kogan is currently serving as president of the Maryland State Dental Association. He earned his dental degree at the B.C.D.S. Dental school University of Maryland, graduating in 1954. Dr. Kogan is a clinical assistant professor, department of oral and maxillofacial surgery at the dental school; he is in charge of the Resident Training Program, division of oral surgery at Sinai Hospital in Baltimore, and chief of the department of dentistry at the same institution. Dr. Kogan is the author of scientific publications on the topics of "Caries", "Sickle Cell Anemia", "Impacted, malposed and unerupted teeth" and "Anesthetic in Dentistry."

Among his other official positions, he is a past president of the Baltimore City Dental Society, The Middle Atlantic Society of Oral Surgery, and the Maryland Society of Oral Surgery. He is a diplomat of the American Board of Oral and Maxillofacial Surgery and presently conducts a private practice of oral surgery in Baltimore.

Frank J. Romeo '66

Frank J. Romeo, D.D.S., an oral surgeon was installed as president of the Baltimore City Dental Society.

A graduate of the BCDS Dental School University of Maryland, he is active in organized dentistry including being the vice president of the Maryland Dental Society of Anesthesia and an executive board member of the Maryland Society of Oral and Maxillofacial Surgeons.

He is also a member of the Middle Atlantic and American societies of oral and maxillofacial surgeons and the Maryland State and American Dental Associations.

The Baltimore City Dental Society represents over 500 dentists. Its primary objective is the continued education of its members and advancement of better dental health for the Baltimore community.

Dean C. Johnson, D.D.S., M.D.S., received his Doctor of Dental Surgery from the University of Maryland, School of Dentistry and his Master in Dentistry from the University of Indiana.

Dr. Johnson joined the staff at the University of Maryland, School of Dentistry in 1963 and began a part-time specialty practice in Prosthetic Dentistry in Baltimore, Maryland. After 11 years there he joined the Oregon Health Sciences University, School of Dentistry, Department of Fixed Prosthodontics in 1974 where he is teaching at the present time on a full-time basis. He has received many outstanding teaching awards in that time.

Dear Editor of Alma Mater:

This is the first opportunity to tell you that I am currently in a two year residency program for Anesthesiology — General at Boston City Hospital and University Hospital in Boston, Mass.

This is a far cry from dentistry, but extremely interesting.

Thanks,

Victor Spiro, D.D.S.

Class of 1964

Dental Sojourn in Mexico

Dick Synowski, '52 a past President of the Marion-Polk-Yamhill Dental Society of Salem Oregon, has just returned from a trip to central Mexico where he worked in the Indian village of Usila which is located in the mountains about eight hours drive south of Mexico City. Working in cooperation with the Christian Missionary Dental Society, a group of four dentists and 12 dental students from Oral Roberts University formed four teams of three students and one dentist, each going to a different Indian village. Dick Synowski's team included his son, Blake, who is a junior at O.R.U. The Synowski team went to a village of 8,000 which had electricity and water. They worked in a small cement hospital building that was equipped with a large medical exam light and straight back chairs. A flash light was used for additional light.

an alternative to the mandibular block.

LIGMAJECT®

- Immediate anesthesia; immediate treatment.
- Individual tooth anesthesia for quadrant-to-quadrant dentistry.
- No post-operative side-effects attributable to a mandibular block.

The Ligmaject is an effective and improved means of delivering anesthesia without the many drawbacks associated with the inferior alveolar nerve block. It now makes intraligamental anesthesia possible by utilizing the periodontal ligament as the route for the anesthesia to reach the apex of the root. The procedure produces rapid anesthesia of individual teeth, and permits immediate treatment with minimal patient discomfort.

The Ligmaject also permits the versatility of working on both lower quadrants simultaneously in one patient visit.

The Ligmaject is simple and convenient to use. To obtain pulpal anesthesia for single rooted teeth, one injection mesially or distally; for multi-rooted teeth, one injection for each root. The thin 30-gauge needle is flexible to allow for curvature and accessibility.

One squeeze of the injection trigger releases, under high pressure, a metered shot of 0.2cc of anesthetic ($\frac{1}{8}$ of anesthetic carpule). This is, as a rule, sufficient to anesthetize a single rooted tooth.

The Ligmaject thus eliminates the post-operative side effects common to the mandibular block (i.e., numbness of tongue, lips and cheek, and excessive salivation). The Ligmaject is indicated for a wide range of dental office procedures:

- Most operative procedures.
- Endodontic treatment.
- Crown and bridge.
- Treatment of children.
- Extractions.
- Differential diagnosis.

Each kit includes the Ligmaject, two protective sleeves and four 30-gauge needles. Also available: a kit containing an additional barrel and two protective sleeves; and a package of six protective sleeves. The Ligmaject can be safely autoclaved.

THE FULL SERVICE LABORATORY

Your patients expect and deserve the best. Otherwise, they become another doctor's patient. So you cannot afford to demand anything less than the best from your dental laboratory.

Take a hard look at your present dental laboratory and the services they provide. Do they offer you all the services you need, or do you have to call different labs for different services because of limited capabilities? Do their production schedules meet your requirements? Are their prices outrageous? Can they handle your intricate and detailed prescriptions?

Aronovitch Dental Laboratories has the reputation for being the best . . . that's why we've become one of the biggest labs in the Baltimore/Washington area. We are a full service laboratory providing prosthetic and restorative services that cover the complete spectrum of general dentistry. From fabricating porcelain fused to gold, porcelain jackets, non-precious crowns and bridges, removable partials and full dentures or "precision" removable partials . . . give your patients the best.
